

# WASHINGTON NEWS ALERT

## American Coal Ash Association

Advancing the management and use of coal combustion products in ways that are environmentally responsible, technically sound, commercially competitive, and more supportive of a sustainable global community.

### **ACAA Members:**

**We just received confirmation that OMB is extending, by 30 days, the Interagency Review of the draft proposed CCP rule. This will give us additional time to work to shape the content of EPA's proposal.**

**Thomas H. Adams  
Executive Director, ACAA**
